

BORESAVER IKL PRO

IKL PRO

BORESAVER

Multi-Purpose Well Cleaner

- Targeted Calcium and Manganese Treatment
- Removes Iron Deposits and Scale
- Safe, Easy to Use, Fast Acting
- NSF Approved
- Clean Bores, Wells, Pumps, and Pipelines
- Treat with the Pump in Place
- Use in Conjunction with BoreSaver Ultra C

IKL PRO

BoreSaver IKL Pro is an NSF approved, proprietary blend of chemicals that removes calcium, manganese, and iron deposits found in bores, wells, pumps and pipes. Use of IKL Pro improves water supply, increases output and extends the working life of pumping equipment and accessories. It can be used without dismantling equipment and will not attack or deteriorate any materials inside the system.

DOSAGE

IKL Pro is added directly to the water system and the amount to use is based on the volume of water. Typical dosage rates are between 5-10% of the water volume in the well, depending on the severity of the contamination.

BoreSaver IKL Dosage Chart

Well casing/pipe diameter (in.)	Maintenance Dosage (g./ft.): 5%	Standard Dosage (g./ft.): 10%
4	0.03	0.06
6	0.07	0.14
8	0.13	0.26
10	0.20	0.40
12	0.29	0.58
14	0.39	0.79
16	0.52	1.03
18	0.65	1.30
20	0.81	1.61

IKL Pro is available in 5g Pails, 55g Drums, and 270g IBCs.

Certified to NSF/ANSI 60
